## PRESIDENT'S MESSAGE

“Summer is about light, celebration, and growth. CFC is dedicated to renew and refocus our continued commitments to our shareholders, employees, and community.”

- Clifford Blair

Greetings! I welcome the opportunity to address everyone in this edition of the Totem Times for 2026. There are many exciting activities on the horizon for Cape Fox Corporation (CFC) and its subsidiaries. Additionally, the Federal Contracting Group (FCG) is submitting proposals and winning awards, and our corporate organization is planning upcoming events and celebrations. Summer is about light, celebration, growth, and renewal. Just as summer brings longer days, sunnier weather, and the bloom of flowers and trees, it also yields much work, success, and festivity for CFC.

Last year included many changes to the business. We are now seeing the results of this strategic foresight. We want to continue to be an industry leader, which means strategically taking stock of the business to ask what would benefit shareholders the most. CFC finished 2025 with meaningful growth across the enterprise. Total revenues increased to \$181 million, and the Corporation closed the year with a solid profit, reflecting disciplined execution, improved operational efficiency, and continued demand across our core business lines. As a result, CFC ended the year with no

long-term debts. Thus, allowing CFC to devote more energy and resources to increasing value to our shareholders.

But this is not just about looking back at last year; it is also about looking to the future for CFC. Already this year, we have seen a renewed dedication to our communities and the Cape Fox Cares program. This program enables us to support philanthropic initiatives. In April, several employees participated in the Ketchikan Totem to Totem race, in May, a month-long fundraiser supported the USO during Military Appreciation Month, and we are looking to do Back-to-School fundraising in the coming month while also evaluating and exploring additional avenues of community support throughout the remainder of the year.

FCG is also experiencing a busy year so far and is delighted to have had several successes already, with more on the way. This has included new contract wins for Cape Fox Federal Integrators and Kwaan Tech, as well as a new achievement for Cape Fox Mission Systems, which was granted a top-secret facility clearance.

Summer is a wonderful time of year for CFC. While it brings new growth around us, it also ushers in new possibilities for the company's future. The Board and I have been delighted to witness the company's successes, but also to be integral parts of that success. The future is bright for CFC, and we are proud of the team and excited to share each of the upcoming year's celebrations and moments with each of you. Summer is an excellent time to recharge, and this year, CFC is ready to renew, refocus, and recommit to our shareholders, employees, and communities. We have shown our strength, resilience, and unity in many creative ways, embodying what it means to be Team Cape Fox!

Gunalcheesh!

# HISTORIC Landmark Legislation Signed into Law

H.R. 2815, the "Cape Fox Land Entitlement Finalization Act of 2025"

The origins of this legislation can be traced to the 1971 Alaska Native Claims Settlement Act (ANCSA). Under ANCSA, Alaska Native village corporations were granted the authority to select lands; however, Cape Fox Corporation (CFC) was the only ANCSA Corporation in Alaska subject to a restrictive provision that prohibited land selection within six miles of the city of Ketchikan.

On Tuesday, May 19, 2026, CFC was proud to announce that the of the United States signed into law H.R. 2815, the "Cape Fox Land Entitlement Finalization Act of 2025.

This law waives the requirement under the Alaska Native Claims Settlement Act (ANCSA) for the Cape Fox Village Corporation to receive certain federal land for settlement purposes and authorizes CFC to select other previously identified land.

CFC would like to thank Alaska Republican Senators, Lisa Murkowski and Dan Sullivan, and Alaska Republican Congressman, Nick Begich III, for their tireless efforts and hard

work representing Alaska in getting this piece of legislation signed into law.

The landmark passage of this bill authorizes the conveyance of approximately 180.3 acres of federal land in the Tongass National Forest to CFC, which is the Alaska Native Village Corporation for Saxman, Alaska, to fulfill its remaining ANCSA land entitlement. This land connects previously conveyed parcels and supports the development of a road and transmission line linking the Mahoney Lake hydroelectric site to the Beaver Falls Power Grid – a project vital to grid stabilization, energy development, and renewable power in the region.

"We sincerely thank Representative Begich, Senators Murkowski and Sullivan, and the entire Alaska Congressional Delegation for their leadership and commitment," said Clifford Blair, Board President of CFC.

The origins of this legislation can be traced to the 1971 ANCSA. Under ANCSA, Alaska Native village corporations were granted the authority to select lands; however, CFC was the only ANCSA Corporation in Alaska subject to a restrictive provision that prohibited land selection within six miles of the city of Ketchikan. Consequently, the only parcels available consisted of steep, mountainous terrain

with no economic or subsistence value. This 50-year restriction prevented and delayed CFC from attaining its full land entitlement as outlined in the original ANCSA agreement.

"I was honored to represent Cape Fox on Capitol Hill during the congressional hearing, with Board Vice-Secretary/Treasurer Crystal Blair in attendance, to explain the importance of this legislation," said Thomas Harris, Board Vice-President of CFC. "We are extremely grateful to our Congressional Leadership Team for helping CFC achieve this 50-year goal, which not only resolves a long-standing land entitlement issue, but also helps CFC further its community development mission to support local economic development and job creation, as well

***"This is a historical achievement for Cape Fox Corporation and our shareholders. The Cape Fox Land Entitlement Finalization Act fulfills a long-standing ANCSA promise and provides CFC with land that can support future access, renewable energy development, and economic growth."***

access to land. ■

as access to local renewable and grid stabilization power. It also represents the potential to create Ketchikan's very first 40-mile tourism corridor loop stretching from Ketchikan ports, along South Tongass Highway to Saxman and Mountain Point, alongside George Inlet to Beaver Falls, past George Inlet Cannery, up to Mahoney Lake, onto White River, up the Harriet Hunt Road, back down past Ward Lake, on through to Ward Cove and then along North Tongass Highway right back to downtown Ketchikan."

In the end, the act delivers on the promises that ANCSA had previously left unfulfilled, opening opportunities for economic growth, energy self-sufficiency, and improved

On April 25th, it was a balmy 56 degrees in Ketchikan, Alaska. As stop watches were starting, members of Team Cape Fox were donning their race numbers and stretching before participating in the annual Ketchikan Totem to Totem Race. This 13.1-mile race kicked off and concluded at Potlatch Park, with over 120 participants.

This year, CFC was a sponsor of the event and hosted a team of nine people, the Fox Trotters, to participate in the race. This fun event brought out several

members of Team Cape Fox, including our top executives, CEO, Chris Luchtefeld, President of the Board, Clifford Blair, President of Shared Services, Faye Wells, and COO, Harold Mitchell.

**Fun Fact:** Chris Luchtefeld was in the top 20 racers to cross the finish line at the event, placing 19th.

This was an exciting community event, and CFC was proud to sponsor and participate, showing our community that Cape Fox Cares. ■

### **AK Sourdough History and Brick Oven Pizza Making**

It is in the tour programs for Celebrity, Royal Caribbean, the World, Virgin, and Azamara Cruise Lines. The tour is also offered directly through CFT and can be purchased through our website.

The tour takes place at Eagles Nest Restaurant and includes a narration of sourdough history in Alaska, along with baking techniques that can be used at home, followed by a fun build-your-own pizza activity. Guests get to take home a sourdough starter kit as well.

2

### **Historic Cannery, Dungeness Crab and Beer Flight**

This tour was only offered on Disney and Royal Caribbean Cruise Line last year. It has recently been included in the tour programs for MSC, Azamara, and Virgin Cruise Line.

This is a guided tour of the historic George Inlet Cannery where guests get to learn about the lifestyle of those who lived and worked on the cannery, along with other information pertaining to commercial fishing. The guests then go to the George Inlet Lodge for a steaming, hot Dungeness crab feast paired with a beer flight of Alaskan-crafted beers.

3

### **City Highlights, Totems, and Creek Street by Trolley**

It is in the tour programs for Azamara and MSC Cruise Line.

This tour includes a scenic drive on the trolley through Downtown Ketchikan with a brief stop in Saxman Totem Park.

4

### **Ketchikan City Highlights**

This unique tour is in the tour program for Virgin Cruise Line and is similar to the

trolley tour listed above. One difference being that after the guests leave Saxman, they go to the Southeast Alaskan Discovery Center. Once they are there, they receive a guided tour of the museum and paint their own formline ornament to take home.

5

### **Totem Bight and Lumberjack Show**

It is in the MSC Cruise Lines tour program and includes a guided tour of the Totem Bight State Park. Guests can learn about the area's indigenous cultures and walk through a clan house and the totem park. After the tour, they go to the Lumberjack Show.

To learn more about CFT, visit our website, where you can read about the CFC Sustainability Program and efforts to provide a true Alaska experience, register for tours online, contact us, get help planning your journey, or get your Alaska trip questions answered. ■

## CAPE FOX COMMERCIAL SERVICES HIGHLIGHTS

### TOURISM SEASON

Summer is heating up, and so is tourism season 2026. Both Cape Fox Corporation and our Commercial Services have been proactively preparing for the influx of new guests to our Tlingit community by creating and introducing a variety of exciting new events and offerings to enhance the visitor experience.

#### EAGLES NEST

Starting June 1st, Eagles Nest will be debuting its summer tourism season hours. Eagles Nest will be closed on Monday, open Tuesday thru Sunday, 11:30 am to 9:00 pm.

#### CAPE FOX LODGE

Summer at Cape Fox Lodge (CFL) offers a variety of events and celebrations. Check out some of our upcoming events.

**Tram:** Summer is in full swing at CFL, and that also means that the tram is in operation. Local residents and CFL guests ride free with a valid ID. Every other patron pays \$3.00 each way to ride the tram.

**Group Events:** Nicolas Oliva, Sales Manager, is handling all group rooms (10 or more rooms per night) and catering requests. For anyone wanting to book CFL for their next event, reach out to [noliva@capefoxtours.com](mailto:noliva@capefoxtours.com).

**Movie Night:** CFL is bringing the fun to Ketchikan with its Movie Nights. If you haven't gotten an opportunity to watch one of your favorite movies at the lodge, check the CFL Facebook page for the Movie Nights schedule. Each movie is \$5 at the door, and concessions are provided.

## CAPE FOX CULTURAL FOUNDATION

### Community Development

Cape Fox Cultural Foundation (CFCF) is seeing tremendous progress on the work that is underway on the restoration of the Frog Wall in Saxman Totem Park. The existing wall is being removed, a retaining wall is being installed, and new logs and frog heads totems are being carved.

In other CFCF renovation news, both carved "Saxman Welcomes You" frog head signs are nearly complete. Recreational trail signs have been installed in the park. A new Saxman Totem Park sign is being made for the bottom of Kootéeyaa Deiyyí "Totem Row". Park cleanup is currently underway, with a focus on trimming trees and bushes away from the totems. Finally, renovations to some of the current signs have been made through repairing, cleaning, painting, and staining.

Yellow cedar, raven design paddles were carved and painted by Kenneth (Kelly) White on behalf of CFCF for the Ketchikan Visitors Bureau to be given as gifts for the inaugural sailing of nine cruise ships visiting Ketchikan this summer.

### Event

March and May: CFCF's preschool paddle classes are a success each year. This year, another preschool paddle class was added on May 19th. This event presents paddles to young children, who are then given the opportunity to create their own Tlingit art on the paddles. This is also an excellent way for kids to learn a bit of Alaska Native culture and art.

Summer has a special meaning for CFCF. Every August, CFCF participates in the Blueberry Festival. This is an excellent event for community outreach and fundraising for CFCF with a booth that sells cotton candy. This three day festival will be held on Friday, July 31st through Sunday, August 2nd.

### Fundraising

Have you wanted to support CFCF? You can now make an online donation. By visiting [bit.ly/CapeFoxCFDonations](https://bit.ly/CapeFoxCFDonations), you can donate to CFCF and support the educational and cultural work the organization performs for the community and our shareholders.

## THE VILLAGE STORE

The Village Store switched its Point-Of-Sale (POS) system from Clover to Toast, and all inventory was transitioned to the new POS system. The Village store is looking to develop an online store in the near future. The Village Store will be open by request throughout the off-season. ■

## Round Up at the Register!

### Support for CFCF

When checking out at any Cape Fox Corporation (CFC) commercial business, the patron is given the option to round up the total of their bill. This small donation helps Cape Fox Cultural Foundation (CFCF) provide education and cultural services to the public in order to support and preserve the Tlingit heritage, culture, and future.

This is an exceptional program that is expected to yield high-dollar results during the tourism season this year. If you visit any of the CFC commercial businesses, please consider rounding up your total to donate to CFCF.

You can make online donations by going to [bit.ly/CapeFoxCFDonations](https://bit.ly/CapeFoxCFDonations), or simply scan the QR code below.
